

ORIGINAL TITLE:	Dianas de aprendizaje: qué son y para qué sirven
Translation of the title in English	Learning targets: what are they and what are they for?
Type of document	Online article
Author	Ingrid Mosquera Gende
Language of the original document	Spanish
Source / Publishing body	UNIR - La Universidad de Internet
Category	Evaluation method
Short description in English	It is a visual, fast and simple system for participatory learning. It is a drawing of a target with concentric circles, numbered from smallest to largest from the inside out, which indicate the level of each of the elements included in it. At the end, if we join the dots, we can obtain what is known as an 'evaluation map'.
Short description in partner language (optional)	Es un sistema visual, rápido y sencillo de llevar a cabo un aprendizaje participativo. Se trata del dibujo de una diana con círculos concéntricos, numerados de menor a mayor de dentro hacia fuera, que nos indican el nivel de de cada uno de los elementos que en ella hemos incluido. Al acabar, si unimos los puntos, podemos obtener lo que se conoce como 'mapa de evaluación'.
